VIRTUAL/ZOOM

THIRD TUESDAY OF THE MONTH

## Trauma in Schools

When students are coming to school with trauma, it will affect how they learn, how they see themselves, how they relate, and how they construct identity. In this session, Dr. Jennifer Herring will share how trauma, especially sexual trauma, shapes students' experiences and what educators can do to respond with care. Participants will gain practical strategies for creating safe, inclusive classrooms and supporting healing through a trauma-informed, equity-centered approach.
